— Chambers USA 2017

OSBORN
MALEDON

“The team listens and provides clear direction and suggestions. They are extremely skilled when working with new companies and CEOs, and demonstrate this through their attention to detail and guidance.”

“One of the premier commercial litigation firms in this part of the States – they have a very strong group of litigation lawyers.”

“They have extremely talented attorneys who continue to win the very tough cases that others shy away from.”

For the lucky 13th year in a row, once again our principal practice areas received premiere rankings from the prestigious legal resources guide, Chambers USA. Singled out for #1 rankings were our practices in Corporate/ Mergers & Acquisitions, General Commercial Litigation and White-Collar Crime/Government Investigations.

We particularly value these rankings from Chambers, a distinguished international ranking firm that conducts in-depth research, as well as polling of peers and clients before issuing its rankings. Chambers’ research also involves extensive interviews of clients, other market participants and professional colleagues. We are

especially proud that the long-term satisfaction of our clients is a strong basis for our continued recognition as a leading firm in Arizona.

Many of our lawyers drew individual praise from Chambers, and you can find those quotes in this reprint of Chambers 2017. We want to congratulate those lawyers who achieved individual recognition, while at the same time noting that our success has always been a team effort from all our talented lawyers and staff!

Most importantly, we are grateful to you, our clients and friends, for providing us the opportunity to work with you.

is ranked in Chambers USA 2017 as follows:
